Watch out for...

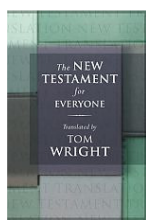

War of the Worlds - Adrian Plass

Authentic £8.99

There's a war going on in the Church, a war between two worlds - one where honesty is valued and one where it's shunned. That same war is going on inside every Christian.

The New Testament for Everyone - Tom Wright

SPCK £14.99
Tom Wright thinks that Scripture should be something that everyone can read, understand & enjoy. Broken up into easy-to-read, bite-sized chunks and illustrated with clear, helpful maps, this is a new rendering of ancient wisdom that can be read like a novel, studied in sections or used as an aid to daily devotion.

Also: Revelation for Everyone & Early Christian Letters for Everyone

Courageous - Randy Alcorn, Stephen & Alex Kendrick

Tyndale House £9.99

I'm currently reading this novel based on the surprising box-office hit at US cinemas last month. I can't wait until the DVD comes to Britain (sometime in the new year!). Four cops facing the drug and gang culture of their town also face the challenge of how to be good dads and husbands.

Val

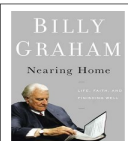

Travelling Songs CD - Jonathan Veira

Elevation £12.99

This album sees Jonathan embark on a musical journey through Gospel, bluegrass, blues and country, reviving songs etched into popular consciousness with an infectious smile and lightness of touch.
